## **RIVER GAME OPERATIONS LAUNCHES A NEW CASINO – CASONIC – IN COLLABORATION WITH GAMING REALMS GAMING PLATFORM.**

Malta 20.11.2018

RIVER Game Operations (RGO) is pleased to announce that we have signed a gaming platform deal with Gaming Realms Plc; publisher and licensor of mobile real money and social games.

At the same time, RIVER announces the launch of a brand-new casino offering called CASONIC (Casonic.com) – an Instant Cashout Casino aiming to reach important markets, such as Sweden and Finland. Other markets are likely to follow soon and offer the same product respectively.

The platform agreement with Gaming Realms will help RGO launch its CASONIC brand in the market late December 2018. CASONIC will be hosted on the Gaming Realms proprietary gaming platform, Grizzly, and will be available on desktop and mobile.

The new multi-lingual gaming site will accept and pay out in several different currencies, through payments operated by Entercash. Not only will this allow players to log in and play directly from their bank accounts through BankID, but it means that they will benefit from instant deposits and withdrawals.

“This agreement marks an extension of RIVER iGAMING’s relationship with Gaming Realms and is our first in house brand launch from RGO,” says CEO in RIVER iGAMING Kent Staahle. “With our buy and build strategy, RIVER is now also in a position to deliver our own developed concepts. An important part of our total business offering”, continues Mr Staahle.

Patrick Southon, Chief Executive Officer of Gaming Realms said: “This is a significant milestone for Gaming Realms. Whilst we have built games and sites for international markets, this is the first time our proprietary platform will host a casino for a market outside of the UK. We’re looking forward to seeing CASONIC grow its player base and further develop our relationship with RIVER iGAMING.”
